

Web Design Packages

***** 541 - 966 - 9808 *****

BASIC \$400 Standard 4 page website, including photos, text, logo, videos, and links.

PROFESSIONAL \$550 4+ pages, web photo slider, scrolling RSS newsfeed, Google search bar, Search Engine Optimization(SEO), photos, text, logo, videos, links.

Wordpress Website \$800 Setting your business up with a Wordpress website will allow you to maintain your own website. Wordpress makes it easy to add content to your website and change its appearance without any knowledge of computer programming.

Continued Maintenance Plan Sign up for the Continued Maintenance Plan and DCC will keep your website up to date. Keep your website fresh with new content. Change your website to match the current season! This plan also supports businesses with an existing website who may want to make updates or changes regularly. Our monthly maintenance plan starts at \$25/month for a 1 year contract. This provides up to two hours of maintenance to your website each month. That's a quarter of the cost of our normal hourly update fees!

All sites come with free 30-day maintenance

- Standard maintenance fees are \$50/hr as needed
- Payment is required **in advance**. When payment is received, design will continue until buyer is satisfied with the new design.

If you interested or have questions please e-mail webmaster@dynamiccc.com or call 541-966-9808

-**Domain Registration** fees and **Website Hosting** fees **are not included** in these packages. We believe our clients should have full control over their website, so we encourage them to set up their own domain and web hosting with the company of their choosing (ex. godaddy.com). For an additional setup fee of \$50, DCC will set a Domain and/or Web Hosting for you (if starting from scratch, we will most likely make you an account with GoDaddy.com). *Don't understand any of this? Please visit this page to learn more:* www.dynamiccc.com/help.html.
